Examiner's comment

This office action is in response to an amendment filed 3/17/08. Claims 1-27 and 29 have been cancelled. Claims 28 and 30 are pending in this application.

Information Disclosure Statement

An IDS filed 3/24/03 has been identified and the documents considered. The signed and initialed PTO Form 1449 has been mailed with this action. documents that are duplicates have been considered but have been crossed off of the 1449.

Response to Amendment

The rejection under 35 USC 102 has been overcome by cancellation of claims 27 and 29. The scope of mammalian cells as opposed to COS 7 cells was discussed with Robert Wax and determined to be adequately supported by the disclosure in the specification and therefore the rejection under 35 USC 112, first paragraph has been overcome by amendment of claim 30 to recite that culturing of SEQ ID NO:2 under control of a promoter results in its expression and cleavage in mammalian cells between amino acid positions 26 and 27.
